<p>The goal of this portion of the survey is to understand how people assess the likelihood of different events related to the 2024 election. We will ask you to assess the chances that each one will occur.

We ask you to provide your answers using numeric percentages. If you think the scenario will occur with near certainty, then you would give an answer close to 100%. If you think there is only a remote chance that the scenario will occur, then you would give an answer close to 0%, and if you think the scenario is as likely to occur as not to occur, then you would give an answer close to 50%.
